BILLINGS, MONTANA

Education & Local Government Interim Committee
April 6, 2016

Exhibit 15

EmPower...MePower....

It has been our honor to lead Montana FCCLA this year as we have worked with our 1,000+ members, advisers and Board of Directors to accomplish many great things.

Our leadership 'powers' were strengthened at the Leadership Rally in October on the Montana State University Campus with almost 300 attendees.

We have shown our communities the 'power' of FCCLA members as we have dedicated more than 10,000 hours to service learning this year.

Together we are empowered to Find our Roar as we enhance our College and Career Ready Skills at the 69th Annual Montana FCCLA conference. Congratulations on earning a trip to Billings. We know you have conducted numerous fundraisers, dedicated hours to your competitive event and are recognized as a leader in your chapter by being here this week. Best of luck in your competition, learn something new and have fun!

- District 1 - Megan Krone, Choteau - VP of Community Outreach (Adviser: Tami Krone)
- District 2 - Caitlyn Todd, Three Forks - VP of Competitive Events (Adviser: Cathie Feiz)

College & Career Readiness Workshops

Sunday, March 20

3:30-4:20 & 4:30-5:20

COLOR IS NOT ENOUGH

By Teresa Slye, Program Director Interior Design, Gallatin College

This workshop provides students with a current understanding of the profession of design. Myths are debunked and students will gain an appreciation of the variety of jobs and skills needed within the design industry. While most people think of Interior Design as a residentially based career, it is actually an eight billion dollar a year industry that complements the construction and architecture industries. Designers can work in large firms or small cottage industries, locally or across the globe. This informative workshop helps students to make informed decisions about design and its related career fields.

STILLWATER - RH

USING MCIS FOR COLLEGE & CAREER READINESS

By Pam Brandt, Montana Department of Labor and Industry

The Montana Career Information System (MCIS) is a free life-long career exploration tool available for all Montanans from elementary to senior citizens. The program provides the most current labor market information available on wages and employment outlook, a course planner for high school and college, career pathways, college and scholarship information and all essential job hunting tools including a resume creator. MCIS is currently being used in nearly 650 sites across Montana to empower students and advance student achievement for all whether college bound or work force ready.

BITTERROOT - RH

THE SCIENCE OF WHY (AND HOW) TO TEMPER CHOCOLATE

By Matthew Elden, Culinary Demonstrator, Johnson & Wales University

Tempering is the art of heating and cooling cocoa butter to align its various fats and create chocolate that is shiny and smooth. If that sounds fussy and time-consuming, it is. But the results are worth it. Learn to get a glossy and snappy finish with your chocolate, just like the pros!

GALLATIN - RH

SEAT BELT CONVINCER

Jeremy Lundblad, Montana Highway Patrol
Michelle Buchanan-Frost - Montana Highway Patrol
Audrey Allums, Grants Bureau Chief, Montana Department of Transportation
Sheila Cozzie, Transportation Planner/Cultural Liaison, Montana Department of Transportation

PARKING LOT - RH

Stop by and try out the Seat Belt Convincer. The convincer will provide you the opportunity to feel what it is like to crash at a low speed and demonstrate the importance of wearing seat belts. Test your knowledge about teen drivers and traffic safety issues impacting teens in Montana. Information will be available on ways the Montana Department of Transportation can help you promote traffic safety in your school and communities.

Scholarship Recipients

MONTANA FCCLA

MONTANA FCCLA LEADERSHIP & SERVICE

Personal growth and leadership development are at the forefront of the FCCLA Mission. By completing service learning projects and participating in competitive events, students develop skills that last a lifetime from creative and critical thinking to practical knowledge and career preparation. This \$300 scholarship is awarded by the MT FCCLA Board of Directors to recognize one student who exemplifies the purposes of FCCLA.

Gunnison High School

Emily Millard
Shepherd

SAV YES TO FCS EDUCATION!

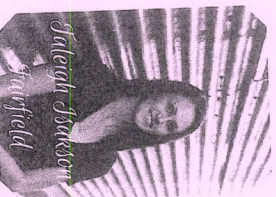

In Montana, and nation-wide, there is an established and growing shortage of Family and Consumer Sciences teachers. This is too often resulting in FCS program closures, thus closing FCCLA chapters as well. The Say Yes to FCS Education Marie Moebus Scholarship is a partnership between Montana FCCLA and Montana State University to recruit and retain family and consumer sciences education students. This is a \$500 renewable scholarship.

Katie Mocko
Fairview

MARIE MOEBUS RECRUITMENT & RETENTION

A \$500 scholarship from the MSU College of Education, Health and Human Development to Montana FCCLA members pursuing one of the following degree programs: Human Development & Family Studies, Human Development minor, Foods and Nutrition, Early Childhood Education & Child Services, Sustainable Food Systems.

Ultimate Leaders

MONTANA FCCLA

"The Ultimate Leader" is someone who mobilizes others to do great things. They exhibit exemplary leadership by:

- Modeling the way;
- Inspiring a shared vision;
- Challenging the process;
- Enabling other to act; and
- Encouraging the heart.

They make a difference in their chapter and as a result of their leadership Montana FCCLA and Montana Family and Consumer Sciences has been strengthened.

GROWING FARM TO SCHOOL WITH THE HARVEST OF THE MONTH

BITTERROOT - RH

By Aubree Roth, Montana Team Nutrition

Montana Harvest of the Month is an exciting new program that features a different Montana food each month in schools. Explore how FCCCLA members can lead their school in Harvest of the Month taste tests, improve school meals through recipe development, and learn and promote local foods in your schools! Get your school ready to pick up the "beet" and join this program for the next school year.

CREATING YOUR VISION

STILLWATER - RH

By Garrett Christiaens, National Vice President of Programs

All great leaders, innovators, and inventors have two major things in common: they set goals for themselves, and they always start with why. To achieve goals, one must have a clear vision and purpose. Join our workshop to explore ways to help you measure and maximize your success through SMART goals, and empower others to share your vision!

LET'S DANCE

POOLSIDE - RH

By Catolina Carlson

Dancing is a fun and healthy way for self-expression, to release stress and to stay fit! Anyone can do it! Come and join me for some FUN!! Hip-hop, line dance and OULA (a relatively new way to dance/exercise). Remember you can't make a wrong move when you are dancing and having fun!

2:00-2:50

STEP UP! BE A LEADER, MAKE A DIFFERENCE

STILLWATER - RH

By Misha Mixon, Montana State University Billings

Step Up focuses on how to be a leader and make a difference in your school, athletics, and the community. The tools discussed provide a unique approach on to get involved, have a positive impact in negative situations, and inspire those around you to Step Up and lead!

2016

STAR Chapters

MONTANA FCCLA

Chapters with well-rounded programs of work with programming in each of the following areas: membership, chapter operations, service learning, state and national activities, leadership and public relations.

BRIDGER

Bridger FCCLA is an integral part of our community. We have held 7 community service projects bringing in over \$2500 and 2000# of food. Our service hours per member increased over last year. Our members are dedicated to help others. We have members that are strong leaders.

CARTER COUNTY

The Carter County FCCLA Chapter has ten members. This is a 20 percent increase than last year. Our chapter president is also our current district president, and state officer, vice president of finance. Another of our chapter members will be installed at state as the 2016 - 2017 District V president at state. We had one member attend nationals in 2015, six attend the SLC in 2015, seven member attend the district meeting, two of which became district officers, and six members attend the Leadership Rally in October. We have one advisor on the board of directors. In the spring we will hold a special FCCLA member recognition program, where we will also install our chapter officers, and there will be a dinner to follow. The Carter County FCCLA Chapter is greatly involved in the community. This year we have participated in over five community service programs.

DUTTON BRADY

The Dutton/Brady FCCLA chapter has been very busy this year. We began with our four chapter officers attending the Leadership Rally in Bozeman. We left the meeting enthused to focus our community service projects on Lead2Feed.

Projects that we completed included a "Cats vs. Griz" food drive, participating in the Food Network's #BakeItForward for No Kid Hungry, serving three community dinners: one focusing on Farm to Table: one as a service project for our 21st Century After School Program, and the final one, the "Empty Bowls" project to encourage awareness of Hunger in America. We also participated in many small catering jobs and participated in Montana Apple Crunch. To raise chapter funds, we ran a coffee shop during home games and sold Elliott's products. Finally, we held at least one chapter meeting each month, planned activities for FCCLA Week,

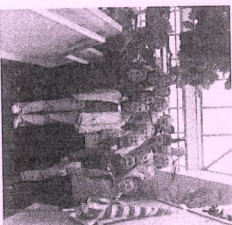

NORTH STAR

North Star FCCLA members worked hard this year. We had a State Officer, qualified 2 members for National FCCLA, organized an "Orange Out" day for hunger awareness, planned the 1st Apple Crunch day and gave credit to our school cooks for their efforts to introduce more fresh fruits and vegetables into our lunch program. We planned the District 3 meeting where one of our members was elected the District President and will be a State Officer next year. We had a "Red Out" day during FCCLA week to advocate for our organization. North Star FCCLA is proud to say that our student body is led by FCCLA members who stepped up their leadership, ran for office and were elected.

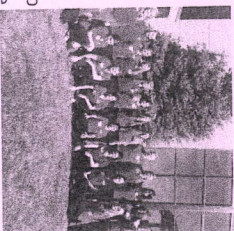

POWELL COUNTY

Powell County FCCLA ran a successful membership campaign that resulted in eleven more members this year than last. The State Outreach Project that we conducted gathered 1,192 pounds of food and \$605 for our local food bank. We partnered with five different community organizations to complete several community service activities. Our chapter attended the National Leadership Conference, the Leadership Rally, and the district meeting. We have a member serving as our district vice president.

SHEPHERD

Last summer SHS FCCLA members attended Nationals in Washington DC competing as a team in Knowledge Bowl, placing 6th in the nation. This year our chapter participated and/or coordinated the following community service efforts: 1. Began Cole' Pantry: Backpack pantry food program for Shepherd students in need of healthy food over the weekend. Each Friday we send a bag of five food items home with 15 different students in need. 2. Purchasing groceries and preparing ten freezer meals for one of our teachers who was going through chemo therapy treatments this fall. 3. Chapter made 5 tie blankets and ten pairs of fleece mittens for the Women and Family Shelter in Billings MT. 4. Chapter held our first annual "Spike Down Hunger" Volleyball tournament to raise money for Lead2Feed and Cole's Pantry a. We had ten teams participate, a silent auction, walking taco sales, dessert sales, T-shirts for sale b. We had a fantastic turn out and response, raising over \$1000 all going towards funding our outreach project this year. In reflection, Shepherd High School FCCLA has had a very busy year.

SHERIDAN

Sheridan FCCLA had a very successful year including numerous service learning projects including the State outreach project, Lead2Feed. Even though our membership was down slightly, chapter members participated at all levels including local chapter, district, leadership rally, state leadership conference both this year and last and last but not least attending national leadership conference in Washington, DC. Some of the service learning projects conducted were: Senior Citizen's Harvest Dinner and Spring Brunch, school-wide Cat/Griz food drive, Caroling for Cans, Low Cost recipes for food bank clients, mid-morning snack for students in K-12, cook-off with 6th grade students, Math-a-thon for St. Jude's,
